Description

With its deep V-hull, powerful Suzuki 150 hp engine, and generous social areas, she offers a stable and entertaining driving experience, equally suited for day trips and water sports as for fast transportation in the archipelago.
This example is meticulously maintained with only approximately 295 engine hours, complete service history, and winter storage in a heated facility since new. The boat feels very close to new condition and is equipped with durable Hypalon tubes, Flexiteak decking, a large sunbed at the bow, and practical storage spaces that make life onboard both comfortable and functional.

Navigation & Instruments
