Description

Experience Mediterranean freedom aboard Bavaro, a stunning 14.50-metre De Antonio Yachts D50 delivered in 2024. This Spanish-designed motor yacht combines cutting-edge lines, generous spaces and state-of-the-art marine engineering that redefines the day charter experience on the Costa Blanca.

Based in Marina Denia, Bavaro is your gateway to the most exclusive coves of Jávea, Moraira and Cabo de la Nao. A perfect day on the water with the comfort, style and thrill that only a De Antonio can deliver.

Performance & Engineering

The D50 is pure nautical adrenaline. Powered by twin 600 HP Mercury outboard engines and a fibreglass planing hull, she cruises at up to 30 knots with a top speed of 50 knots. Hidden engine technology maintains impeccable aesthetics and exceptional performance. Fast has never looked this good.

Outdoor Spaces Designed for the Day

Every metre of Bavaro is designed for maximum enjoyment. The aft deck features a generous sun lounge area with upholstered sunbeds, perfect for soaking up the sun as you cruise to your next cove. The exterior dining area with central table allows you to enjoy breakfast, lunch or aperitifs with Mediterranean views. Forward, another sun pad invites you to fully relax. The retractable bimini top provides shade when you need it most without losing the open-air feeling.

The hydraulic swim platform transforms the stern into your private beach club, with direct water access, freshwater shower and plenty of space to prepare snorkelling gear or simply enjoy the sea at water level.

Interior Layout

Below deck, Bavaro offers a bright, contemporary interior with 2 cabins and 1 full bathroom, plus a welcoming saloon. The open-plan design and large windows create a unique connection with the outdoors, maintaining natural light and sea views throughout. A yacht designed for day trips that also allows you to extend the experience and spend the night aboard if desired (sleeps 4).

Equipment & Comforts

High-quality Bluetooth sound system to set the mood for your day, fridge, galley area, air conditioning (optional) and all the details that make Bavaro a premium experience from start to finish.

Water Toys

Included in your charter: paddleboard and snorkelling equipment. Available as optional extra: Seabob (€300), to explore the seabed with total freedom.

Professional Skipper Included

Bavaro is always chartered with a qualified skipper, allowing you to enjoy the cruise worry-free. An expert on every cove, every corner and every must-see stop along the Alicante coast, your captain takes care of everything so you can simply relax and live the moment.

Destination: Costa Blanca and its Hidden Gems

From Marina Denia, Bavaro takes you to discover the best of the Alicante coast: the turquoise waters of Cala Granadella, the spectacular Cueva del Llop Marí, the charm of Cala del Portitxol, the pristine beauty of Moraira and the dream beaches of Jávea. A day on Bavaro is a day you won't forget.

Ready to live your perfect Mediterranean day? Request availability and book your outing aboard Bavaro.
