Description

The 26 m. Lady B built by De Birs yacht in 2007 and refitted in 2023, features interior styling by English designer H2 Yacht Design.
The yacht offers accomodation for up to 8 guests in in 4 suites comprising a master suite, one VIP cabin and two twin cabins.
LADY B has impressive living areas. Her main salon offers ample seating on 2 sofas and lounge chairs, a convertible formal dining table can also be a games table/coffee table, a full wet bar is forward in the salon complete with seating, large windows allow plenty of natural light, while cream toned carpets and ceiling accent the beautiful deep-toned high gloss wood panels known as ‘Elegance Interior’. Separate and forward of the salon is a second salon with a sofa, small tables and a home theatre system, perfect also as an office.
Boasting generous outdoor living spaces, Lady B offers a variety of well equipped spacious living areas and fabulous amenities.
The aft deck is partially shaded with the option of full shade and offers and alfresco dining table and additional seating; beyond, the extended swim platform is full beam of the yacht and accessible from either port or starboard decks. The yacht boasts also a further sunpad on her foredeck.
Above deck the flybridge is ideal for entertaining and relaxing, 2 large seating areas are just aft of the helm and have an optional Bimini cover, a complete wet bar with seating sits between the shaded seating and the massive sunpad aft.
