Description

Representing Dufour in Portugal | Southwest Boats presents the new Dufour 39

Born from the collaboration between naval architect Umberto Felci and designer Luca Ardizio, the Dufour 39 introduces a new expression of freedom at sea, combining contemporary design, generous living spaces and an engaging sailing experience.

Its sleek silhouette and modern chined hull have been optimized to reduce wetted surface area, ensuring smooth and controlled sailing.

The single rudder offers precision, responsiveness and confidence at the helm.

Particular attention has been given to outdoor living. The spacious cockpit becomes the heart of life on board, whether under sail, sharing a meal or relaxing at anchor. Twin helm stations provide intuitive control, while the open and naturally connected spaces allow effortless movement from the cockpit to the water.

The generous beam, carried forward towards the bow, creates remarkable interior volume for a 39-foot yacht. Natural light flows throughout the saloon and cabins, complemented by soft tones, light wood and carefully selected recycled fabrics. The result is a bright, refined and welcoming atmosphere designed for genuine comfort at sea.

Available with two or three cabins, the Dufour 39 offers a convertible saloon, longitudinal galley and flexible secondary spaces that can be adapted to each owner’s needs.

Choose between minimalist, comfort or performance configurations and tailor the Dufour 39 to your own sailing style.

Southwest Boats and Ondanáutica offer support that extends well beyond your purchase. We provide tailored brokerage services and represent leading international marine brands.

Our portfolio includes Astondoa Yachts, Dufour Yachts, Cervetti Catamarans, Ranieri International, AB Inflatables, Italboats, Narwhal and Satellite Trailers.

Through our boatyard, you also benefit from an established network of premium marine brands, alongside specialist servicing and maintenance for Mercury, Honda Marine, Tohatsu Marine, Volvo Penta, Yanmar, Cummins and Vetus.
