Description

This 2012 model with upgraded electronics offers a delightful combination of comfort, functionality, and Scandinavian design.

The bright and pleasant layout creates an airy feeling on board, with the large opening sunroof being a particularly appreciated feature. With the sunroof open, the saloon has fantastic contact with the cockpit and surroundings—perfect for sunny days on the water. When the weather is less favorable, the boat can be quickly closed up, offering a cozy and comfortable environment.

The Grandezza 27 OC has a well-planned interior with generous sleeping accommodations relative to its size, a galley, and a separate toilet. The spacious cockpit is the boat's natural gathering point and is equally suitable for relaxing days on the water as for longer weekend trips.

This is a Grandezza 27 OC for those seeking a quality and well-maintained motorboat with the right feel, where Finnish build quality is combined with a highly appreciated layout and a delightful bright saloon.
