Description

This Pershing 50 is a 15.24m Motor Yacht in very good condition. It was built in GRP by Pershing Yachts in Italy and delivered in 2005. It features a deep Vee planning hull and GRP superstructure, with a teak cockpit and platform. She is a comprehensively equipped yacht, powered by twin M.A.N. diesel engines of 900hp each (both overhauled in 2017). With the surface propellers on “Arneson” drives she smoothly cruises at 34 knots and can reach a top speed of 43 knots.
The interior has been designed to comfortably accommodate (6) guests in (3) cabins: the owner’s cabin forward with a double bed and private bathroom, a twin cabin at the port side with single berths side by side, and a third cabin at the starboard side with a double berth. Guest cabins share the second bathroom. She also accommodates one crew member in a cabin with facilities in separate quarters aft. The spacious cabins are complemented by large e daytime areas both inside and out.
