Description

The Tecnomar 55 evo has plenty of large areas all dedicated to the pleasure of navigation, relax and sunbathing. The deck forward is fulfilled with cushions and it gives a sunbathing area normally found on much bigger yachts. The all design is stunning and never seen before. The Evo 55 design will be always well recognizable and will set a new trend within this sector; the exterior design almost breaks with anything you may have seen before, with large use of LED lights throughout the length of the yacht, following the new automotive logics; this almost creates an artwork at night, which, combined with the many sculptural details cloaking the yacht, such as the custom stemhead, makes this yacht equal to no .
This 2019 Tecnomar 55 EVO is well presented for sale, and a great yacht for those planning some amazing boating in 2023 and beyond. Her specification includes twin Volvo IPS 950 engines with only 195 hours, 13kW (Kohler) generators, big elegance lounge in the lower deck instead of cabins, etc. She has a comfortable cruising speed of 25-30 knots and a max speed of 38 knots. Two big sun lounging area on the main deck, perfect boat for day cruising. Available immediately, amazing delivery opportunity to start cruising straight away. For viewings and further information on this 2019 Tecnomar 55 EVO please contact us today!
