Description

LUXURY, SPACE AND MODERN CATAMARAN

Step aboard the WAVE 60, a flagship sailing catamaran designed to offer exceptional comfort, space, and modern elegance at sea. Created for discerning travellers, this yacht combines innovative architecture with premium onboard amenities, delivering an experience comparable to a luxury floating apartment.

With over 180 m² of usable living space, WAVE 60 offers the openness and functionality typically found on much larger yachts. Its distinctive superstructure creates an unusually spacious saloon and forward lounge area — a rare feature among catamarans in this class. The sleek silhouette with inverted bows and an aerodynamic roof spoiler enhances both performance and contemporary design.

DESIGNED FOR COMFORT

Thoughtfully arranged interiors include spacious cabins, elegant bathrooms, a stylish saloon, and a fully equipped galley, providing comfort for both short escapes and extended cruising. Expansive exterior areas allow guests to enjoy sunbathing, al fresco dining, and relaxing moments on deck.

Thanks to its shallow draft, WAVE 60 can anchor closer to shore than traditional monohull yachts, offering easy access to secluded bays and crystal-clear waters.
